

Sinclair Broadcasting is abusing its power as a media giant by airing one-sided programming in an attempt to sway the upcoming presidential election.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. When huge corporations control the airwaves, they put their own profits ahead of the balanced coverage that we need for our democracy to thrive. Instead of something produced for corporate interests far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Thank you.
